MESSAGE

I am pleased to learn that like previous years, this year also, on the occasion of National Safety Week, the Safety Committee for the Port of Kolkata will observe Dock Safety Week from 4<sup>th</sup> March to 10<sup>th</sup> March, 2022.

The aim of observance of Dock Safety Week is to enhance workers' awareness about safety in regard to port activities and also to renew our commitment towards compliance with all the Safety Rules, Regulations and Procedures while performing our duties. The ultimate objective of National Safety Week/Dock Safety Week is to create and strengthen Safety, Health & Environment (SHE) culture in workplace and integrate the same with the work culture.

In order to achieve our target of an accident-free port, I appeal to all workers, employees and Port Users to ensure strict compliance with all the legislations concerning Occupational Health and Safety (OSH) at workplaces. We also seek active co-operation from all the Trade Unions so that the safety norms are strictly complied with in the docks.

To renew our commitment to work safely throughout the year, I expect that all concerned would wear Safety Badges and take Safety and Health Pledge on 4<sup>th</sup> March, 2022 at their respective workplaces.

On this occasion, I congratulate the organizers for celebrating the Dock Safety Week and hope that this programme will enhance greater safety awareness amongst all concerned towards achieving our goal of an accident free Port and we will definitely lead the world in Safe, Sustainable & Green Maritime Sector, a part of Maritime India Vision 2030.

Dated, the 2<sup>nd</sup> MARCH, February, 2022

Encl: Safety and Health Pledge
