Trade Circular

A drastic fall in delivery of containers has been witnessed of late. It is needless mention that such reduction in evacuation of containers is rapidly depleting the available yard space at CPYs and unless the delivery of containers increases, it may become difficult to accommodate fresh containers in the CPY in the days to come.

Under the circumstances, all concerned importers are hereby requested take necessary action for taking early delivery of their containers from dock. It may please be noted that unless normal pace of delivery of containers from dock is restored early, Port may become compelled to allow the MLOs for removal of their containers to CFSs.

Rashtra Gaurav
