March 17, 2021

### CIRCULAR

With a view to expedite the process of weighment and delivery, it has been decided by the competent authority that with effect from 23-03-2021, the drivers should not get down from the vehicle during the tare as well as gross weighment of cargo/ container-carrying vehicles. However, the Khalasis, whenever available, must not remain present inside the vehicle during the weighment process. It has also been decided that the cargo/ container-carrying vehicles using the weighbridge located in the Western side of the dock, must proceed directly to the exit gate without any delay, after the final weighment.

It is needless to mention that appropriate action will be initiated in case any failure to comply with the above is noticed.

This also has reference to the Trade Circular bearing no. GCB/TO/S/3/57 dated 26-02-2021.

*(Handwritten signature and date)*
