No. Ad/007/RFID/623

May 11, 2021

**CIRCULAR**

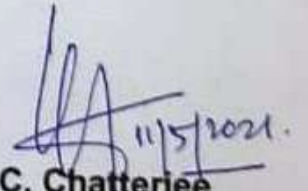

To reduce congestion in and around the exit gates of HDC due to expiry of vehicle/driver permits, it has been decided by the Competent Authority that w.e.f 12.05.2021, on swiping of expired RFID permits of vehicle/drivers tagged to a valid Loading Order at the RFID readers installed at exit gates, the permit charges for extra stay of the concerned vehicle/driver upto 24 hrs shall be automatically deducted from the concerned Sponsoring Firm's wallet @ prevailing SOR and the permits will get automatically extended thereby allowing exit of all such vehicles/drivers.

All concerned port users are accordingly requested to maintain sufficient balance in their respective Wallet of the Permit System of HDC to take the benefit of Auto Permit extension facility.

The facility of auto permit extension for Helper/Khalashi is not available in the system at present and they are required to get their permit extended through their Sponsoring Firm as done at present.

The Auto Permit extension facility will not work for stay of cargo carrying vehicles & drivers inside the dock beyond 24 hrs of its permit expiry. For extending such permits, approval of TO(Sh&CH) Division would be required on the request for such extension from the Sponsoring Firm.

This is for the information of all concerned port users.
