CIRCULAR

In continuation to the earlier circular bearing no. TO(Sh&CH)/10/3691 dated 10.12.2020 regarding compulsory covering of all dry bulk cargo stacks inside the Dock with Tarpaulin with tie down safety arrangement in order to mitigate the dust generation, it may be noted that the deadline towards compulsory covering of the dry bulk stacks inside the Dock has been extended to 31.01.2021.

In the meantime, all licensees/importers are once again advised to strictly comply with the directive of the competent authority. In the event of non-compliance of the above directive, the Port authority will be compelled to take stern action against the defaulters and may stop the delivery of cargo from the uncovered stacks as well as non-allotment of fresh plots inside the dock to the concerned defaulters.
