CORRIGENDUM

This has reference to Trade Circular No. TO(Sh&CH)/11/1593 dated 26.07.2021, wherein the Standard Operating Procedure for distribution of consortium dry bulk cargo through Surveyors, was circulated.

An amendment in point no. XV of the subject Trade Circular is made, which should be read as:

(xv) In case of delivery of cargo by rail, the RR quantity to be considered as delivery quantity.

Instead of :

In case of shifting of dry bulk cargo from plot to Railway siding for rail dispatch, the cargo so transported by dumpers to be ascertained based on random weighment of few dumpers. In those cases, the higher quantity between the RR quantity and the dispatch quantity to be considered by the Common Surveyor as delivered.

All concerned are requested to be guided accordingly.

14/8/21.
