No. Mrn/HMP/34/166

Date : 05.06.2024

TRADE CIRCULAR

In view of sunken barge "MV Mississippi-II" at 3 KPD, two buoys are placed at Off 3 KPD to demarcate the wreck, with following light characteristics.

- a) South buoy – Group flashing 2 Red (every 10 seconds)
- b) North buoy – Red Quick flashing

All inward and outward barges are advised to keep clear of the wreck and to navigate on the western side of the above buoys.

Due reduction of maneuvering space in presence of the wreck, following restrictions will apply for merchant vessels.

- i. No.1 KPD – Maximum LOA acceptable will be 285 ft.
- ii. In other berths at KPD – Maximum acceptable dimension will be 300 ft. x 40 ft., on trial basis at present.

No vessel will be accepted at 3 and 5 KPD.

All the above restrictions will be applicable till the barge is salvaged and the area is cleared.

(D. Patia) 5/6/24.

Harbour Master (Port)
