**All Concerned Circular**

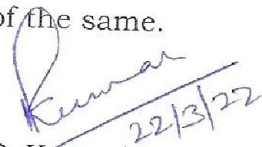

**Sub.: Wearing of PPEs inside Dock**

In terms of Dock Workers (Safety, Health & Welfare) Regulations, 1990 use of Personal Protective Equipments (PPE) by the Dock workers/port users is mandatory. However, despite earlier circulars advising use of Personal Protective Equipments (PPE), it has been noted that many docks workers/port users entering Docks are not using the mandatory PPE equipments (Safety Helmet, Safety Shoe and Reflective Jacket).

Hence, all dock workers/ port users intending to enter and work at Docks must compulsorily wear PPE (Safety Helmet, Safety Shoe and Reflective Jacket) failing which they may not be allowed to enter the docks. The dock workers/port users are also hereby advised to note that they must continue to wear the PPE during their entire stay at docks.

All concerned are hereby advised to ensure that the above is strictly adhered to and also to advice the members/workers attached to their respective section for strict compliance of the same.

CISF and PSO are being advised to ensure strict compliance of the same.
