

Syama Prasad Mookerjee Port, Kolkata
General Administrative Department
Estate Division

NOTICE

In order to prevent fire hazard of any degree, Syama Prasad Mookerjee Port, Kolkata (erstwhile Kolkata Port Trust) issued several notices and reminders to all its tenants from time to time. It was through such communications that all Lessees and Licensees, using KoPT's land / structure / godown / premises, were repeatedly reminded of their sole responsibilities for maintaining fire safety and security measures and restrictions on storing inflammable materials in Trustees' property or neighbouring property.

In the wake of the recent massive explosion near Beirut Port from a cache of stored chemicals and consequent loss of lives and extensive damage of property, it has become extremely urgent for Syama Prasad Mookerjee Port, Kolkata to remind all the occupants in the properties of the Port to take IMMEDIATE measures to ensure that there is no such possibility of occurrence of similar accident within the premises of the Port properties.

As one of such measures, all the tenants of the port are advised once again about their sole responsibilities in becoming more careful and duty bound in protecting Trustees' properties or neighbouring properties against any possibilities of such accidents / fire / explosion hazards.

Lapses on the part of the Lessees / Licensees / occupants in this regard shall be viewed seriously.
