No. Tfc/GZZY 241/Operations

Dated, the 30th April, 2019.

Trade Notice

Sub: Barge Operations KDS.

All Concerned:-

It has been decided by the competent authority that henceforth all container barge operation will be done at KPD on and from 6th May 2019. Accordingly Feeder operators who desire to take advantage of anchorage draft may plan their vessel operation suitably.

As KPD-I do not have any rail connectivity as of now, any import container coming by Barge which need to be evacuated by rail needs to be removed to rail loading point by the concerned Shipping Line . Similarly in case of rail borne Export container, if desired to be shipped by Barge need to be tendered at KPD by the shipping line.

Traffic Manager reserves the right to allow Barge operation at NSD for best interest of Trade and Port in future.

(Traffic Manager)
